Good morning,

Thank you all for your edits and comments on this. Apologies that it's taken so long to get back to you. Amber Aranda did review and help out with this response!

I'll move this forward.

Best,
Olivia

Good afternoon Olivia, no comments from me. I do want to make sure though that Amber Aranda reviewed this response as well given she is helping with the petition response and ANPRM?

Subject: For DD Review: Letter on Treated Seeds from American Bird Conservancy

Hi all,

Below for your review by COB Wednesday (11/30) is a draft letter to the American Bird Conservancy regarding our response to the 2017 treated seeds petition. I'm requesting EFED and PRD review because ABC raised concerns about risk assessments and effects to listed species (addressed in paragraphs 3 and 4 of the response).

This draft uses language from a recent response we wrote to Sen. Booker. Linda's branch and OGC have reviewed and contributed.

Thank you!
